

Scenario™ Tables

Make any space more useful

A world of possibilities

Be ready for anything

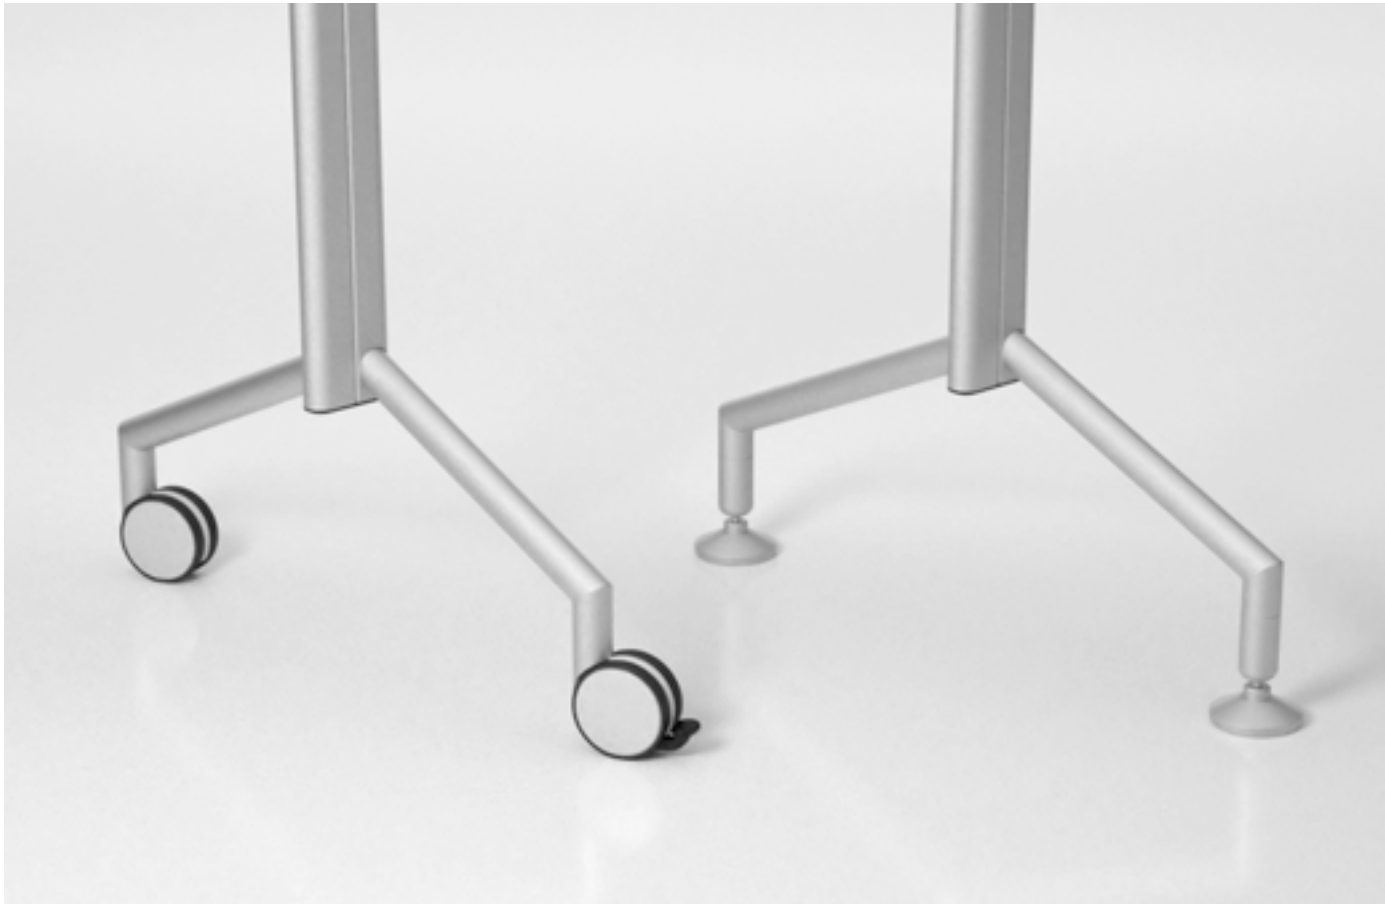

Scenario tables are a snap to set up and rearrange.

Quick and easy

Tilt and nest Scenario effortlessly for compact high-volume storage.

Perfect fit

Find a perfect fit for your needs with Scenario's static, mobile or height adjustable bases.

Simplify things

Scenario tops flip up for power/data cabling access without uncoupling tables.

Laptop security

Scenario keeps laptops safe with a built-in lock port.

Make tight connections

Scenario tables gang without tools, using a sleek, unique hitch mechanism.

Reduce installation time

Hook up and power up with Scenario's single circuit system, in no time flat!

Be up and running in minutes

Scenario's multi-circuit 8-wire system can be hardwired where code requires.

Bring people together

Get more out of every interaction.

Create a supportive environment

Scenario responds quickly to everyday needs.

Make room and save space

Fit-anywhere dimensions, flip-top cabling access, easy ganging, convenient in-line storage.

Scenario lets you set up spaces with ease and efficiency.
